

Site visit - West Beach & Two Mile

In September 2010, the Shire of Ravensthorpe hosted a site visit to West Beach and Two Mile Beach near Hopetoun.

Pedestrian access to West Beach has recently been improved and includes a defined and consolidated path with steps, a raised deck and platform with stairs onto the beach.

Planned works to respond to damage caused by motorised vehicles, horse traffic along pedestrian access and vandalism of infrastructure at Two Mile was outlined; some of this will be implemented in early 2011 as part of SCMG's Coastwest '10 project.
